Absenteeism, sickness, among industrial workers, first quarter of 1943, with an inquiry into the occurrence of the respiratory diseases, 1934–43 [Gafafer] 1273

Absenteeism, sickness, among industrial workers, second quarter of 1943, with a note on the occurrence of the respiratory diseases, 1934–43 [Gafafer] 1885

Absenteeism, sickness, among male and female industrial workers, 1933–42, inclusive [Gafafer] 1250

Actinomycosis. (*See* United States—Monthly State reports.)

Aerobacter cloacae, studies on strains of, responsible for acute illness among workers using low-grade stained cotton [Caminita, Schneiter, Kolb, and Neal] 1165

Alabama. (*See* Name of disease—Weekly State reports; United States—Monthly State reports.)

Algeria: Infectious diseases—May–August 1943 1791

Altman, Isidore: The patient load of physicians in private practice. A comparative statistical study of three areas 1329

Amblyomma americanum, the occurrence of *Rickettsia diaporica* in, in eastern Texas. American Q fever: [Parker and Kohls] 1510

Angola: Notifiable diseases 1423, 1877

Anopheles, Puerto Rican, identification of first stage larvae of [Pratt] 1715

Anthrax: (*See also* United States—Monthly State reports.)

Weekly city reports 1117, 1226, 1360, 1389, 1452, 1568, 1599, 1662, 1697, 1725, 1755, 1876

Weekly State reports 1024, 1068, 1114, 1156, 1190, 1224, 1258, 1286, 1319, 1358, 1386, 1418, 1449, 1489, 1520, 1565, 1596, 1634, 1660, 1694, 1722, 1752, 1783, 1830, 1873, 1901, 1932

Arizona. (*See* Name of disease—Weekly State reports; United States—Monthly State reports.)

Arkansas. (*See* Name of disease—Weekly State reports; United States—Monthly State reports.)

Armstrong, Wallace D.: The effect of topically applied sodium fluoride on dental caries experience 1701

Arsenic in water contaminated with chemical warfare agents, the detection and analysis of [Ruchhoft, Placak, and Schott] 1761

Atabrine and sulfadiazine, toxic effects of, in growing rats [Wright and Lillie] 1242

B

Bacillus pestis cultures, twenty-year survival of virulent, without transfer [Francis] 1379

Balantidium coli infections, carbarsone treatment for [Young and Burrows] 1272
Baum, William S.: The diet in Germany and the occupied countries during the second world war 1669
Black, Luther A.: Surveys of milk laboratories in war areas in the United States—
I. Practices observed in making agar plate counts 1605
II. Practices observed in making direct microscopic examinations and methylene blue reduction tests 1641
III. Observations on sampling and health department practice relative to bacteriological milk analysis 1681
Blood calcium, effect of lead absorption on [Jenrette and Fairhall] 1001
Botulism. (*See* United States—Monthly State reports.)
Botvinick, Isadore: A soap which indicates the presence of mercury fulminate 1183
Brazil:
Para State—Belém—Poliomyelitis 1363
Rio Grande do Sul State—Poliomyelitis 1530
Brazil, Colombia, and the United States:
Experimental transmission of the rickettsiae of the spotted fevers of, by the argasid tick *Ornithodoros nicollei* [Davis] 1742
Experimental transmission of the spotted fevers of, by the argasid tick *Ornithodoros parkeri* [Davis] 1201
The tick *Ornithodoros rudis* as a host to the rickettsiae of the spotted fevers of [Davis] 1016
British East Africa: Tanganyika Territory—Cerebrospinal meningitis 1791
Burns and shock, experimental chemotherapy of. IV. Production of traumatic shock in mice. V. Therapy with mouse serum and sodium salts [Rosenthal] 1429
Burrows, Robert: Carbarsone treatment for *Balantidium coli* infections 1272
Butterfield, C. T.: Influence of pH and temperature on the survival of coliforms and enteric pathogens when exposed to free chlorine 1837

C

California: (*See also* Name of disease—Weekly State reports; United States—Monthly State reports.)
Plague infection in 1361, 1389, 1422, 1493, 1528, 1529, 1569, 1599, 1600, 1635, 1697, 1876
Caminita, B. H.: Studies on strains of *Aerobacter cloacae* responsible for acute illness among workers using low-grade stained cotton 1165
Canada: Provinces—Communicable diseases 1029, 1073, 1118, 1161, 1194, 1228, 1263, 1291, 1324, 1363, 1390, 1423, 1453, 1494, 1530, 1570, 1600, 1637, 1664, 1698, 1727, 1756, 1791, 1834, 1877, 1906, 1936
Cancer of the lung, the incidence and prevalence of [Dorn] 1265
Carbarsone treatment for *Balantidium coli* infections [Young and Burrows] 1272
Chambers, C. W.: Influence of pH and temperature on the survival of coliforms and enteric pathogens when exposed to free chlorine 1837
Chickenpox. (*See* United States—Monthly State reports.)
Chlorine, free, influence of pH and temperature on the survival of coliforms and enteric pathogens when exposed to [Butterfield, Wattie, Megregian, and Chambers] 1837
Cholera: Foreign reports 1162, 1195, 1229, 1325, 1454, 1495, 1638, 1757, 1937
Ciocco, Antonio: The patient load of physicians in private practice. A comparative statistical study of three areas 1329
Clostridium perfringens (Welchii) infections in guinea pigs, the mechanism of antitoxic immunity in [Stewart] 1277
Coccidioidomycosis. (*See* United States—Monthly State reports.)
Coliforms and enteric pathogens, influence of pH and temperature on the survival of, when exposed to free chlorine [Butterfield, Wattie, Megregian, and Chambers] 1837
Collins, Selwyn D.: Extent of immunization and case histories for diphtheria, smallpox, scarlet fever, and typhoid fever in 200,000 surveyed families in 28 large cities 1121
Colombia, Brazil, and the United States:
Experimental transmission of the rickettsiae of the spotted fevers of, by the argasid tick *Ornithodoros nicollei* [Davis] 1742

Page

Colombia, Brazil, and the United States—Continued.
Experimental transmission of the spotted fevers of, by the argasid tick *Ornithodoros parkeri* [Davis] 1201
The tick *Ornithodoros rudis* as a host to the rickettsiae of the spotted fevers of [Davis] 1016
Colorado: (*See also* Name of disease—Weekly State reports; United States—Monthly State reports.)
Plague infection in 1160, 1290, 1422
Communicable diseases. (*See* Name of disease; Name of country.)
Community services vs. lost man-hours [McNutt] 1082
Conference, forty-first annual, of the United States Public Health Service with the State and Territorial health officers:
Abstracts of committee reports adopted by the 1101
Opening remarks to the [Parran] 1077
Conjunctivitis. (*See* United States—Monthly State reports.)
Connecticut. (*See* Name of disease—Weekly State reports; United States—Monthly State reports.)
Cooper, Marcia: A survey of statistical studies on the prevalence and incidence of mental disorder in sample populations 1909
Councell, Clara: Extent of immunization and case histories for diphtheria, smallpox, scarlet fever, and typhoid fever in 200,000 surveyed families in 28 large cities 1121
Court decisions on public health:
Children bitten by rats—action against owners of adjoining premises 1427
City ordinance regarding maintenance of clean and habitable premises upheld 1532
City tourist camp ordinance held to conflict with State trailer park law 1867
Death certificates—statements as to cause of death 1230
Death from lead poisoning held compensable under workmen's compensation act 1031
Garbage—dumping—construction of statute concerning 1718
Garbage—ordinance making collection by unauthorized person unlawful upheld 1571
Inflammation of the eyes of the newborn—reporting 1031
Liability of physician for failure to use prophylactic in infant's eyes at birth 1199
Piggery—held nuisance—operation enjoined 1496
Public health law construed 1868
Safe drinking water at State institution—liability of State officials for failure to furnish 1230
Public water supply—protection against pollution—reasonableness of State board of health regulations 1666
Sewage disposal—stream pollution by city—order of State stream control commission upheld 1198
State sanitary code amendment defining milk products held invalid as applied to certain product 1700
Swine—keeping for feeding on swill, etc., brought from without town where animals are kept 1779
Typhoid fever—held to be accidental injury under workmen's compensation law 1030
Typhus fever—contraction by bakery employee—liability of employer 1426
Uniform narcotic drug act—earlier law repealed by—marihuana included under 1868
Unwholesome food—sale 1152
Venereal disease—exposing another person to 1604
Cuba:
Habana—Communicable diseases 1194, 1228, 1570, 1601, 1637, 1664, 1878
Provinces—Notifiable diseases 1161, 1228, 1324, 1494, 1601, 1664, 1878
Sagua La Grande—Typhoid fever 1424
